

What is in Answers On Demand?

Learn how to use all the new features of your Digital Cable on Answers on Demand by watching simple, step-by-step tutorials.

Tutorials are available in the following categories:

- Digital Remote: Learn how to use your Digital Remote and more.
- Program Guide: Using the Navigator interactive on-screen guide to browse TV.
- Custom Settings: Setting favorite channels and more.
- Parental Control: Block and unblock programs, purchase protection and change PIN numbers.
- iCONTROL: Movies on Demand, Premium Channels on Demand and more.

Choose a Category

1. Use the **LEFT** or **RIGHT ARROWS** on your Digital Remote to scroll through the categories.
2. When you find a category you are interested in, use the **UP** or **DOWN ARROWS** to scroll through all the tutorials that are available.
3. As you scroll through tutorials, a short description of what is in each tutorial will appear in the bottom right of the screen.
4. To get more information about a selected tutorial, press **SELECT**. A longer description will appear on the screen. To return to the menu, press **C**.

Start Watching

1. Before you can watch, you must make sure the **VCR/VOD** option on your Digital Remote is set to **VOD**. That stands for video on demand. Some Digital Remotes have a switch, others a button. If your Digital Remote has neither, don't worry, you don't have to do anything – it will work automatically.
2. To begin watching a tutorial, press **PLAY**.
3. You can **PAUSE, FAST FORWARD, REWIND** or **STOP** the tutorial using these buttons on your Digital Remote.
4. If you stop a tutorial, you can press **PLAY** to start playing it from where you left off, or press **A** to start playing it from the very beginning. You can also press the **C** button to return to the main menu and choose another tutorial.

Summary

At the end of each tutorial, there is a step-by-step summary that appears on your screen.
